## Science Field Investigations: The Tech Museum

Spend a day at the Tech Museum experiencing a variety of hands on exhibits that emphasize technology, innovation and the human spirit. Along with learning about science by doing science, students will also have an opportunity to experience the OMNI Max Theater presentation "Flight". In the afternoon we will visit the west coast premiere of the traveling exhibit "Islamic Science Rediscovered." This exhibit presents the remarkable contributions of Muslim scholars in science and technology. Learn of discoveries and inventions in the Muslim world that predate by years sometimes centuries, discoveries thought to be developed in the West.

**December 13, 2011 (SIGN-UP BY THURSDAY, DECEMBER 8)**

**Cost: No cost to students**

***This Field Trip is required for Integrated Science students.***

***Yes, I plan to participate in this Field Trip. Please reserve a place for me.***
